

# Student Acknowledgments

## Student Confidentiality & Release of Responsibility Statement

I understand that as a student at PMC, I may have access to patient care data. I understand I must maintain the confidentiality of this data at all times and a confidentiality violation will result in disciplinary action up to and including termination from PMC, as well as legal action.

I certify I have reviewed and will abide by the Privacy and Confidentiality section of the Non-PMC Employee Orientation Packet.

I assume all liability and will not hold PMC liable for claims or damages for any sickness; personal injury, including death; property damage; or other loss that may arise, either in whole or in part, out of any negligent, intentional, or other act or omission by me in connection with my student experience, including those claims or damages that may arise out of the joint or concurrent negligence of PMC.

I understand that PMC may treat individuals for various illnesses, some of which may be contagious or pose other risks to health and wellness.

I understand that federal laws and the laws of the State of Florida, and other applicable statutes, prohibit the unauthorized release of patient identities and/or medical information. The law prohibits disclosure of any information regarding patients to any person not specifically authorized to receive such information. Applicable laws provide criminal and civil penalties for such disclosure.

If I violate any of the conditions specified in this agreement or rules of PMC, then PMC has the right to withdraw its permission to allow me access to its facilities.

## Tobacco-Free/Non-Smoking Acknowledgment

I understand that the entire building, grounds and property at PMC and any of its affiliates (Parrish Health & Fitness Center, Parrish Healthcare Center at Port St. John, Parrish Home Health, etc.) are tobacco-free and non-smoking areas. I understand that smoking or tobacco use of any kind is not permitted in the building or on the grounds. I understand that as a student at PMC, I will act as a steward of the community's good health, which includes setting a good example within the community we serve. I understand that any violations of the nonsmoking/tobacco-free policy will result in disciplinary action up to and including termination.

## Consumer Generated Media Acknowledgment

Consumer Generated Media (CGM) refers to sources of information that are created, initiated, circulated and used by consumers for the purpose of educating each other about products, brands, services, personalities, and issues. It includes, but is not limited to, television, video,

photos, newspapers, magazines, radio, books, digital media, interactive technology, social media postings, forums, blogs, etc. PMC has a CGM Guidelines Policy to define the appropriate uses of CGM. As a student at PMC, I understand I am required to keep my cell phone off during my experience. I must not take photos or make any CGM posts regarding my experience at PMC. I understand that any violations of the CGM policy will result in disciplinary action up to and including termination.

**For Students or Instructors Employed by Parrish Medical Center**

I acknowledge that my role as student/instructor is independent of my existing employment relationship with PMC. I agree that I will not use my student/instructor computer account credentials other than when I am scheduled as a student/instructor. I will not use my nonstudent/instructor computer account credentials while acting as a student/instructor. I understand that all access to PMC's information systems is subject to auditing and, if inappropriate access is discovered under my credentials, it will result in disciplinary action up to and including termination.
