COMMUNITY BENEFIT REPORT

#1 HOSPITAL  
IN ALL OF  
CENTRAL  
FLORIDA

For clinical care,  
patient experience  
and low cost\*

\*Rated by Centers for Medicare  
& Medicaid Services

Health care is a calling – it is a calling to serve.  
Unlike any other profession, we are invited to share  
in the most profound moments in people’s lives.

That’s why we – your Parrish Medical Center  
care partners – promise to provide  
HEALING EXPERIENCES FOR EVERYONE ALL THE TIME®.

## GREETINGS FROM THE CHAIRMAN OF THE BOARD

PARRISH MEDICAL CENTER (PMC) is proud to be Brevard County’s only independent, public, not-for-profit community hospital. PMC has served North Brevard for more than 55 years, and is recognized nationally as One of America’s Finest Healing Environments®. As a not-for-profit hospital, every dollar earned is a dollar invested back into programs, services, technology and health professionals – all dedicated to improving the health and well-being of our community.

Because we are an independent, public hospital, we answer to the citizens of North Brevard – not investors or shareholders. In fact, to make decisions about the health priorities in which we invest our resources, we use the results of a biennial community health needs assessment (conducted every two years), input from a community health advisory board, and other community health status sources. This annual report is actually a community benefit report. It will tell you about the many ways PMC is living its vision of Healing Families – Healing Communities®.

The PMC board of directors is very proud of our community hospital, and everything it does to help maintain and promote our residents’ good health and well-being. I know after reading this report you will be as proud as we are of the women and men who make this happen.

Herman Cole Jr., Col, USAF, Ret.  
Chairman of the Board

# It Matters

WHEN LIVING WITH A CHRONIC CONDITION

CHRONIC CONDITION HELP: A Vietnam veteran from Orlando found the help he needed with the Parrish Diabetes Education program. Now he's living a healthier lifestyle and is managing his diabetes better. It's just one PMC program that's helping community members learn to live with a chronic condition.

## 55+ YEAR TRADITION OF SERVICE

FOUNDED IN 1958, we were a single-story, 28-bed facility set within an orange grove on the banks of the Indian River. The land we stood upon was graciously donated by the prominent Parrish family. That same year, the National Aeronautics and Space Administration (NASA) began operations at Cape Canaveral.

The rapid population growth in the 50s and 60s created increased demands for health care services. In 1964 we broke ground on our first major expansion with a seven-story, 96-bed patient tower. The patient tower was completed in 1966. By 1981 we needed to expand again increasing the total number of licensed beds to 210. In 1991 the emergency department was expanded. As the community continued to grow and change, so did the medical center. It was clear by the late 90s that the existing facility could not continue to meet the community's needs. That marked the beginning of our journey to become One of America's Finest Healing Environments®. In 2002, PMC introduced the first healing hospital of its kind to the community.

Later in 2007, the Parrish Healthcare Center at Port St. John opened to preserve and protect the health of the residents of Port St. John, Canaveral Groves and the surrounding communities. It features physicians' offices, a four-bed sleep disorders center, physical rehabilitation and an urgent care center.

### 2013 FACTS

Beds: 210  
Employees: 1,060  
Volunteers: 376  
Physicians: 165  
Admissions  
(with newborns):

Births: 575  
Surgeries: 6,803  
Outpatient Visits:  
69,870  
Emergency Visits:  
40,251

# *It Matters*

WHICH HOSPITAL YOU USE WHEN YOU WANT  
THE HIGHEST QUALITY AND SAFETY

That's why we're pleased and proud to share with you that Parrish Medical Center (PMC) has earned even more quality and safety designations that will add to your confidence when you need hospital services.

## HEALING ENVIRONMENT LEADERS

HEALING IS A PROCESS that can be enhanced with the right environment – a healing environment.

### QUALITY AND SAFETY DESIGNATIONS IN 2013

- Earned "A" rating in Leapfrog Group's October 2013 Hospital Safety Reports
- Earned "A" rating in Leapfrog Group's May 2013 Hospital Safety Reports
- Parrish Medical Center ranked as Central Florida's No. 1 hospital, America's No. 5 independent public hospital, and in the top six percent of all U.S. hospitals. These rankings are based on data compiled by the Centers for Medicare and Medicaid Services (CMS) on clinical care, the quality of the patient experience, and low cost.
- Earned Women's Choice Award® distinguishing PMC as one of the 2013 America's Best Hospitals for Patient Experience in Orthopedics. The award is based on robust criteria that include female patient satisfaction measurements as well as clinical excellence considerations.
- Earned four disease-specific certification gold seals from the Joint Commission in acute coronary syndrome, breast cancer, heart failure and stroke.
- Recognized by the Joint Commission as a Top Performer on Key Quality Measures for heart attack, heart failure, pneumonia and surgical care.
- Earned HealthGrades® quality achievement award for the cardiac program. PMC was chosen as one of the best in the country.

WHEN TRANSPORTATION ISN'T AVAILABLE TO COMMUNITY MEMBERS to or from PMC for necessary treatment, they can call the Healing in Motion van, thanks to Parrish Medical Center employees and their contributions to our Circle of Giving. The van offers a spacious passenger area with a back wheelchair lift. Our employees know how important it is for patients to get the care they need regardless of resources.

## COMMUNITY HEALTH IMPROVEMENT

Every other year, we conduct a COMPREHENSIVE COMMUNITY HEALTH NEEDS ASSESSMENT. This assessment tells us the health priorities specifically relevant to the people within our community. Annually, PMC invests in community programs and services designed to prevent, early detect, diagnose, treat, and manage diabetes, heart disease, respiratory disease, stroke and orthopedic conditions – identified as North Brevard's health priorities.

### COMMUNITY-BASED Health Education

- In 2013, our team of care partners helped thousands of people learn how to be and stay healthy by speaking at or leading hundreds of workshops, classes, seminars and support groups. Our health education programs are offered free or at a reduced cost. We also offer a speakers bureau free of charge to community groups.
- PMC care partners participate in numerous health fairs and screening events throughout the community to support injury and illness prevention and early detection.

### ACCESS TO CARE

PMC is HEALING FAMILIES – HEALING COMMUNITIES® through its partnership with organizations such as:

- Brevard Health Alliance (BHA), a federally funded healthcare clinic serving the uninsured and underinsured members of our community. The funding provided to BHA from PMC supports their operations and assistance programs.
- 2-1-1 Brevard, a helpline available 24 hours a day, 365 days a year to provide assistance and referral in times of emotional, financial, and community crisis.
- Parrish Medical Group (PMG), a team of board certified specialists dedicated to providing comprehensive, collaborative treatment options ensuring coordinated care that's easy to manage.
- Community Health Partnership (CHP), a diverse group, representing many agencies throughout Brevard County, working to promote and improve the health and well-being of our community.
- Direct Access Testing service that offers low cost routine lab tests for anyone who wants to monitor their health status with no doctor's order needed.

# *It Matters*

TO HAVE CONVENIENT ACCESS TO CARE

It's fast to get your lab work done at one of four locations in the county. Convenient diagnostic imaging is available in Port St. John and Titusville. Those needing a primary care physician or specialist have access to more than nine locations within Parrish Medical Group ([parrishmedgroup.com](http://parrishmedgroup.com)).

## COMMUNITY BUILDING

We are our community's largest employer. We not only have a role in safeguarding the health of individuals and families, but we also have a role in safeguarding the economic health of our community. As such, PMC partners with the Economic Development Commission (EDC) of Florida's Space Coast, the Space Coast Economic Development Commission (SEDC), our local Chambers of Commerce, city and county officials, and Brevard Workforce Development Board, among many others, to strengthen our community's infrastructure.

### COMMUNITY Health Improvement Impact

- 9,147 community members attended our classes, workshops, health fairs and support groups
- 350 community members screened for diabetes
- 624 community members screened for peripheral arterial disease (P.A.D.)/heart disease
- 430 community members screened for hypertension
- 550 community members completed self-help programs
- 2,827 community members attended a variety of support groups
- 1,661 community members were served by PMC's speakers bureau
- 540 callers with health and social service needs assisted through PMC's Community Health Navigator

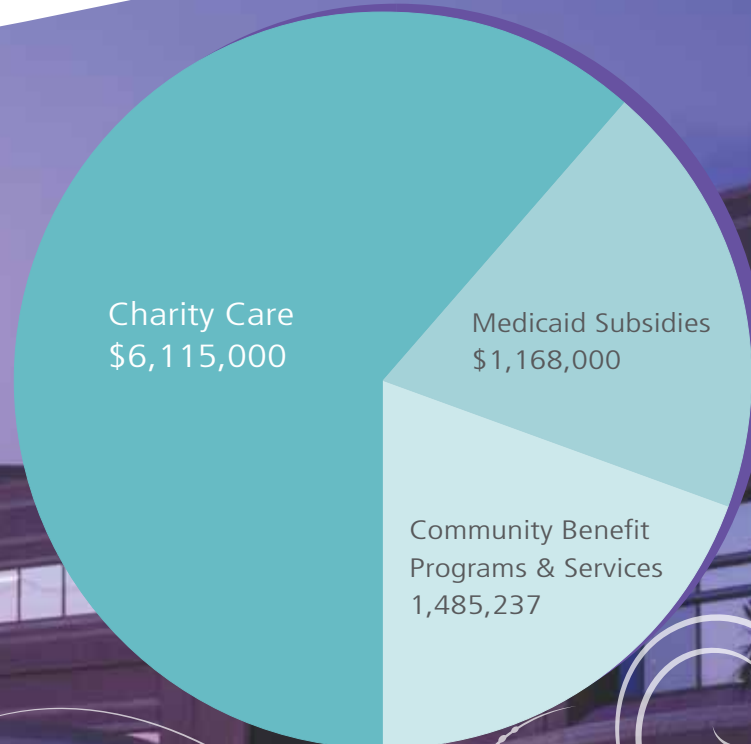

## COMMUNITY BENEFIT

WHAT OUR COMMUNITY SAYS ABOUT US

Our patient experiences speak for themselves.

It's why we are recognized as One of America's Finest Healing Environments®. See more stories of healing experiences at [parrishmed.com/healing](http://parrishmed.com/healing).

## COMMENTS FROM PATIENTS

"Over the past year we have been patients at various times and cannot say enough about the wonderful care we have received. This has included doctors, nurses, LPNs and auxiliaries. PMC is the greatest healing environment ever!" – Hubert and Dorothy G.

"Today I was indeed fortunate to receive care in the ER at Parrish Medical Center. I was astonished at not only the degree of their expertise, but also the people skills and genuine devotion demonstrated toward me during each step of my treatment. I was left with clear evidence that this community has a state-of-the-art facility and class act that make it all come together... my sincere gratefulness and thanks." – Mary W.

"I was having a stroke and my care at Parrish Medical Center was excellent. The nurses, technicians, and assistants did everything they could to make my stay as pleasant as possible. They are to be commended for their positive attitude and quality care. I can say from experience, Parrish Medical Center is one of the best healing facilities in the country." – James F.

"My family and I would like to extend our most sincere thanks to the staff at Parrish Medical Center. During my recent stay I was fortunate enough to cross paths with some of the most caring and skilled nurses, doctors and office staff in the medical profession. I was treated with compassion and dignity... everyone made me and my family feel at ease. The care and treatment I received proves that fine practice of medicine and patient care are the foremost concern of this medical center." – Earl S. and Family

"The diabetes program is exceptional in the care and support that they have given me. I don't know what I would do without them."

– Patrick D.
